

San Antonio FAAS Team presents:

Rep Training

The Safety Program Airmen Notification System (SPANS) was developed to help disseminate safety information to airmen on behalf of the FAA Safety Team and its team members.

Only events and activities that are directly related to aviation safety should be posted in SPANS or any of its systems. Normal ground and flight school activities, since one can argue are always safety related, can be listed.

Fly-ins and other such gatherings should not be listed in SPANS. However, safety seminars at fly-ins and other such gatherings may be listed in SPANS. These types of events and activities require the participation of a Representative to assure the quality of the event and to create the event in SPANS.

Directions: FLYING IN - Set your GPS to KBAZ, Direct, Enter, Enter - From the North talk to Austin Approach; From the South talk to San Antonio Approach; After landing tell Ground Control you want to park at the Terminal Building (at the base of the tower)

DRIVING IN - From Interstate Highway IH-35 - Proceed SouthEast on Texas Highway 46 - Turn NorthEast (Left) onto Texas 758 (FM 758) - Turn Left into the Airport

WALKING IN - Probably NOT!!! Try a Ride-Share or Taxi
See attached Map
